Budget Change: Vote on removing funds for scholarships (replaced by funds for outdoor playspace)

Angela explained that on the PTA's original budget we allocated \$2,000 to scholarships and the vision for that money was for the Going Out program. Over time we saw that the Going Out initiative needs to come from the school and this wasn't the best year to launch the program. The Council proposed to remove the allocation of \$2,000 from scholarships. (Note: It was previously voted that raffle funds go to outdoor programs and so by default that \$2,000 will be included in the raffle earnings.)

The council voted to remove the allocation of \$2,000 from scholarships. Unanimous passed.
