PREFACE

The material covered within this student handbook is intended as a method of communicating to students and parents regarding general public charter school information, rules and procedures and is not intended to either enlarge or diminish any Board policy, or administrative regulation. Material contained herein may therefore be superseded by such Board policy, or administrative regulation. Board policies are available at The Ivy School offices and on The Ivy School website.

Any information contained in this student handbook is subject to unilateral revision or elimination from time to time without notice.

ADMISSION

A student seeking enrollment in The Ivy School for the first time must meet all academic, age, immunization, and other eligibility prerequisites for admission as set forth in state law, Board policy and administrative regulations. Students and their parents should contact the office for admission requirements.

Public charter school law requires student enrollment be voluntary. If the number of applicants exceeds the capacity, students shall be selected through a lottery process.

A public charter school may not limit student admission based on race, religion, sex, sexual orientation, ethnicity, national origin, disability, health, whether a student has an individual education program (IEP) or the terms of that IEP, identified as talented and gifted, income level, residence, proficiency in the English language, athletic ability, or academic records, but may limit admission within a given age group or grade level.

The Ivy School holds a lottery each spring. Parents / Guardians interested in enrolling in The Ivy School are required to complete an application for the lottery. The Ivy School does not verify the information on each application and cannot be responsible for errors on the application made by parents/guardians, such as incorrectly indicating the grade their student should be enrolled in in the upcoming year.

Only students residing in the state of Oregon are eligible for enrollment in The Ivy School. Enrollment preference is as follows: all siblings of currently enrolled students are enrolled first. All students residing within the Portland Public Schools boundaries are enrolled second, and students residing outside of PPS boundaries are enrolled last.

The Ivy School is NOT a Portland Public Schools district school. The Ivy School is a state-sponsored charter school and our charter with The Oregon Department of Education stipulates that we prioritize enrollment within PPS district boundary.
## ANIMAL DISSECTION

In courses including animal dissection, a student may request alternative coursework rather than participate in dissection activities on any animal. The Ivy School will provide alternative materials and methods of learning the course curriculum. A student will not be penalized for exercising this option for alternative instruction opposed to animal dissection.

## ASBESTOS

The Ivy School has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having its buildings inspected by accredited inspectors and the development of a management plan for the control of this substance.

The management plan is available for public inspection in The Ivy School office. The Campus Support Coordinator, Executive Director or designee serves as The Ivy School’s asbestos program manager and may be reached for additional information.

## ASSEMBLIES

A student’s conduct in assemblies must meet the same standard as in the classroom. A student who does not abide by The Ivy School’s Student Code of Conduct during an assembly shall be subject to disciplinary action.

This policy coordinates with Board policies EB - Safety Program.

## ASSIGNMENT OF STUDENTS TO CLASSES

Students are assigned to classes based on the individual needs of the student, staffing and scheduling considerations.

Parent/legal guardian requests to place a student in a particular class may be submitted to the Campus Support Coordinator person for the campus prior to June 1 of the school year in question, or no later than six weeks prior to a semester break during a school year. Requests to change a student’s assigned class at other times must be directed to the Campus Support Coordinator and the Executive Director. Final decisions are the responsibility of the Campus Support Coordinator or Executive Director.

## ATTENDANCE

All students between the ages of 7 and 18, who have not completed grade 12, are required to attend school regularly unless otherwise exempted by law. Staff will monitor and report violations of the state compulsory attendance law. All students five or six years of age who have been enrolled in a public school are required to attend regularly.
Any parent/legal guardian who fails to send a student to school within three days of notification by The Ivy School that their student is not complying with compulsory attendance requirements may be issued a citation by The Ivy School for the student’s failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court imposed fine, as provided by ORS 339.925.

The Ivy School will notify the parent/legal guardian in writing that, in accordance with law, the Executive Director will schedule a conference with the nonattending student and his/her parent/legal guardian(s)/legal guardian(s) to discuss attendance requirements. The written notice will include the following:

1. The Executive Director or Campus Support Coordinator has the authority to enforce the provisions of the compulsory attendance laws;
2. Failure to send a student to school is a Class C violation;
3. A citation may be issued by The Ivy School;
4. A conference with the parent/legal guardian and student is required.

The written notification will be in the native language of the parent.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may, under ORS 163.577 (1)(c), be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required.

Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

**Absence and Excuses**

When a student is going to be absent the parent/guardian must contact the school's front office by telephone or e-mail before 9:00 a.m. to notify the school of the absence. Absence from school or class will be excused under the following circumstances:
1. Illness of the student;
2. Illness of an immediate family member when the student’s presence at home is necessary;
3. Emergency situations that require the student’s absence;
4. Field trips and school-approved activities;
5. Medical or dental appointments. Confirmation of appointments may be required;
6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

The school shall notify parents/guardians by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone, e-mail or another method identified in writing by the parent/legal guardian. If the parent/legal guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal, religious or ethnic considerations.

A student who must leave school during the day, must bring a note from his/her parent/legal guardian. A student who becomes ill during the school day should, with the teacher’s permission, report to the office where The Administrative Assistant or Campus Support Coordinator will decide whether or not the student should be sent home and will notify the student’s parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for work alternatives for a student who will be absent several days. Absenteeism will not be used as a sole criterion for the reduction of grades.

This policy coordinates with Board policy JEA - Compulsory Attendance.

**Truancy**

A student who is absent from school or from any class without permission will be considered truant and will be subject to disciplinary action including detention, suspension, or expulsion.

Check Board policy JED - Student Absences and Excuses for additional local requirements.
These six extenuating circumstances are required by law.

This policy coordinates with Board policy JED - Student Absences and Excuses. Remember that “other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance” is still acceptable for circumstances that cannot be anticipated. The Ivy School is required to notify parents/guardians if their child has any unplanned absences.

COMMUNICABLE DISEASES

Parents of a student with a communicable or contagious disease are asked to telephone and/or e-mail the Campus Support Coordinator so that other students who have been exposed to the disease can be alerted. A student with certain school restrictable diseases is not allowed to come to school while the disease is contagious. This restriction is removed by the written statement of the local health officer or a licensed physician (with the concurrence of the local health officer) that the disease is no longer communicable to others in the school setting.

For head lice, the restriction may be removed after the parent provides a signed statement that a recognized treatment has been initiated.

These diseases include chicken pox, cholera, diphtheria, measles, meningitis, mumps, lice infestations, whooping cough, plague, rubella, scabies, staph infections, strep infections, tuberculosis and pandemic flu. Parents with questions should contact the school office.

COMPUTER USE

Students may be permitted to use The Ivy School’s electronic communications system only to conduct business related to the instructional needs of The Ivy School or to conduct research related to education consistent with The Ivy School’s mission or goals. Personal use of public charter school computers, including e-mail access, is strictly prohibited.

The Ivy School’s electronic communications system meets the following federal Children’s Internet Protection Act (CIPA) requirements:
1. Technology protection measures have been installed and are in continuous operation to protect against Internet access by both adults and students to visual depictions that are obscene, child pornography or, with respect to the use of the computers by students, harmful to students;
2. Educating minors about appropriate online behaviors, including cyberbullying awareness and response, and interacting with other individuals on social networking sites and in chat rooms;
3. The online activities of students are monitored;
4. Access by students to inappropriate matter on the Internet and World Wide Web is denied;
5. Procedures are in place to help ensure the safety and security of students when using electronic mail and other forms of direct electronic communications;
6. Unauthorized access, including so-called “hacking” and other unlawful activities by students online is prohibited;
7. Unauthorized disclosure, use and dissemination of personal information regarding students is prohibited;
8. Measures designed to restrict students’ access to materials harmful to students have been installed.

The Ivy School retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted, received or contained in The Ivy School’s information system are The Ivy School’s property and are to be used for authorized purposes only. Use of public charter school equipment or software for unauthorized purposes is strictly prohibited. To maintain system integrity, monitor network etiquette and ensure that those authorized to use The Ivy School’s system are in compliance with Board policy, administrative regulations and law, school administrators may routinely review user files and communications.

Files and other information, including e-mail, sent or received, generated or stored on public charter school servers are not private and may be subject to monitoring. By using The Ivy School’s system, individuals consent to have that use monitored by authorized public charter school personnel. The Ivy School reserves the right to access and disclose, as appropriate, all information and data contained on public charter school computers and public charter school-owned e-mail system.

Students who violate Board policy, administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including expulsion and/or revocation of public charter school system access up to and including permanent loss of privileges. Violations of law will be reported to law enforcement officials.

Any person 13 to 17 years of age convicted of intentionally possessing a firearm in a public building is subject to denial of driving privileges for 90 days.

**CONFERENCES**

Regular conferences are scheduled annually in the fall and spring to review student progress.

Students and parents may also expect teachers to request a conference:
(1) if the student is not achieving the expected level of performance;
(2) if the student is not maintaining behavior expectations;

8. The Ivy School encourages a student or parent in need of additional information or with questions or concerns to confer with the appropriate teacher, counselor or administrator. A student may be subject to discipline, up to and including expulsion, for a violation. A student may also be referred to law enforcement for a violation. Student or volunteers may report cyberbullying anonymously. Remedial action shall not be based solely on an anonymous report.

OAR 581-022-1131

DAMAGE TO PUBLIC CHARTER SCHOOL PROPERTY

A student who is found to have damaged public charter school property will be held responsible for the reasonable cost of repairing or replacing that property. If the cost is $50 or more, The Ivy School will notify the student and parent. The Ivy School will notify students and parents of all such charges. If the amount due is not paid within 10 calendar days of receipt of The Ivy School’s notice, the amount will become a debt owed and certain penalties and/or restrictions may be imposed. See Fee, Fines and Charges.

This policy coordinates with Board policy JFCF - [Hazing]/Harassment/Intimidation/Bullying/[Menacing]/Cyberbullying/Teen Dating Violence – Students and the administrative regulation.
DISCIPLINE/DUE PROCESS

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

A student’s due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that use approaches that are shown through research to be effective.

Disciplinary measures are applied, without bias, depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug or drug paraphernalia, alcohol- and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law enforcement officials. Violations of The Ivy School’s weapons policy, as required by law, shall be reported to law enforcement.

This policy coordinates with Board policies ECAB - Vandalism/ Malicious Mischief/Theft (Optional).

Suspension

A student whose conduct or condition is seriously detrimental to the school’s best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: a) willful violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of
others to an education; c) willful conduct which endangers the student, other students or staff members; or d) willful conduct which endangers district property.

The Ivy School may require a student to attend school during nonschool hours as an alternative to suspension.

An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on public charter school property nor participate in activities directed or sponsored by The Ivy School.

School work missed by a student while on suspension may be made up upon the student’s return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term and unit examinations without an academic penalty.

This policy coordinates with Board policy JG - Student Discipline.

**Expulsion**

Students may be expelled for any of the following circumstances: a) when a student’s conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student’s behavior have been ineffective; or c) when required by law.

No student may be expelled without a hearing unless the student’s parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.
An expulsion shall not extend beyond one calendar year.

The Ivy School will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights as required by law. Prior to expulsion, The Ivy School must notify the resident district of the student of the impending expulsion.

This policy coordinates with Board policy JGD – Suspension.

**Discipline of Students with Disabilities**

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a nondisabled student, the student’s parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student’s IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student’s disability. Should the IEP team conclude the misconduct has no relationship to the student’s disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student’s disability, the team may review and revise the student’s IEP and determine whether a change in placement is needed. The Ivy School may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year for a drug or weapon violation as provided in public charter school procedures. Additionally, the district may request an expedited due process hearing to obtain a hearings officer’s order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, “injurious behavior” is defined as behavior that is substantially likely to result in injury to the student or to others.

This policy coordinates with Board policy JGE – Expulsion.

Students with Sexual Harassment Complaints

Sexual harassment of or by staff, students, Board members, school volunteers, parents, school visitors, service contractors or others engaged in public charter school business is strictly prohibited in public charter school. Public charter school includes public charter school facilities, public charter school premises and non-public charter school property if the student or employee is at any public charter school-sponsored, public charter school-approved or public charter school-related activity or function, such as field trips or athletic events where students are under the control of The Ivy School or where the employee is engaged in public charter school business.

Sexual harassment of students means unwelcome sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature when:

1. The conduct or communication has the purpose or effect of demanding sexual favors in exchange for benefits;
2. Submission to or rejection of the conduct or communication is used as the basis for educational decisions affecting a student or employment or assignment of staff;
3. The conduct or communication is so severe, persistent or pervasive that it has the purpose or effect of unreasonably interfering with a student’s educational performance or with an employee’s ability to perform his/her job; or creates an intimidating, offensive or hostile educational or working environment. Relevant factors to be considered will include, but not be limited to, did the individual view the environment as hostile; was it reasonable to view the environment as hostile; the nature of the conduct; how often the conduct occurred and how long it continued; age and sex of the complainant; whether the alleged harasser was in a position of power over the student or staff member subject to the harassment; number of individuals involved; age of the alleged harasser; where the harassment occurred; and other incidents of sexual harassment at the school involving the same or other students or staff.
The administrators and the compliance officer have responsibility for investigations concerning sexual harassment. All complaints and other reported incidents shall be investigated. The investigator shall be a neutral party having had no involvement in the complaint presented.

**Step 1** Any sexual harassment information (complaints, rumors, etc.) shall be presented to the administrator or compliance officer. All such information shall be reduced to writing and will include the specific nature of the sexual harassment and corresponding dates.

**Step 2** The Ivy School official receiving the information or complaint shall promptly initiate an investigation and will arrange such meetings as may be necessary to discuss the issue with all concerned parties within five working days after receipt of the information or complaint. All findings of the investigation, including the response of the alleged harasser, shall be reduced to writing. The Ivy School official(s) conducting the investigation shall notify the complainant when the investigation is concluded. The parties will have an opportunity to submit evidence and a list of witnesses.

A copy of the notification letter including the date and details of notification to the complainant, together with any other documentation related to the sexual harassment incident, including disciplinary action taken or recommended, shall be forwarded to the Executive Director.

**Step 3** If a complainant is not satisfied with the decision at Step 2, he/she may submit a written appeal to the Campus Support Coordinator, Executive Director or designee. Such appeal must be filed within 10 working days after receipt of the Step 2 decision. The Campus Support Coordinator, Executive Director or designee will arrange such meetings with the complainant and other affected parties as deemed necessary to discuss the appeal. The Campus Support Coordinator, Executive Director or designee shall provide a written decision to the complainant within 10 working days.

**Step 4** If a complainant is not satisfied with the decision at Step 3, he/she may submit a written appeal to the Board. Such appeal must be filed within 10 working days after receipt of the Step 3 decision. The Board shall, within 20 working days, conduct a hearing at which time the complainant shall be given an opportunity to present the appeal. The Board shall provide a written decision to the complainant within 10 working days following completion of the hearing.
Direct complaints related to employment may be filed with the U.S. Department of Labor, Equal Employment Opportunity Commission or Oregon Bureau of Labor and Industries. Direct complaints related to educational programs and services may be made to the Regional Civil Rights Director, U.S. Department of Education, Office for Civil Rights, Region X, 915 2nd Ave., Room 3310, Seattle, WA 98174-1099. Additional information regarding filing of a complaint may be obtained through The Ivy School administrator or compliance officer.

Changes to the above procedure may be made if an administrator is named in the complaint or reported incident. Confidentiality will be maintained. The educational assignments or study environment of the student shall not be adversely affected as a result of the good faith reporting of sexual harassment.

Students or parents with complaints not covered by this student handbook should contact the administrator.

**STUDENT EDUCATION RECORDS**

The information contained below shall serve as The Ivy School’s annual notice to parents of minors and eligible students (if 18 years of age or older) of their rights, the location and public charter school official responsible for education records. Notice will also be provided to parents of minor students who have a primary or home language other than English.

Education records are those records related to a student maintained by The Ivy School. A student’s education records are confidential and protected from unauthorized inspection or use. All access and release of education records with and without parent/legal guardian and eligible student notice and consent will comply with all state and federal laws.

Personally identifiable information shall not be disclosed without parent/legal guardian or eligible student authorization or as otherwise provided by Board policy and law.

2. Name and address of educational agency or institution;
3. Student birth date and place of birth;
4. Name of parent/legal guardian/guardian;
5. Date of entry into school;
6. Name of school previously attended;
7. Course of study and marks received;

12. Other information, i.e., psychological test information, anecdotal records, records of conversations, discipline records, IEP’s, etc.

The district may also request the social security number of the student and will include the social security number on the permanent record only if the eligible student or parent/legal guardian complies with the request. The request shall include notification to the eligible student or the student’s parent/legal guardian(s)/legal guardian(s) that the provision of the social security number is voluntary and notification of the purpose for which the social security number will be used.

Memory aids and personal working notes of individual staff members are considered personal property and are not to be interpreted as part of the student’s education records, provided they are in the sole possession of the maker.

**Access/Release of Education Records**

By law, both parents, whether married, separated or divorced, have access to the records of a student who is under 18 years of age unless The Ivy School is provided evidence that there is a court order, state statute or legally-binding document relating to such matters as divorce, separation or custody that specifically revokes these rights.

Parents of a minor, or an eligible student (if 18 years of age or older), inspect and review education records during regular public charter school hours.
**Provision for Hearing to Challenge Content of Education Records**

Parents of a minor, or eligible student (if 18 years of age or older), may inspect and review the student’s education records and request a correction if the records are inaccurate, misleading or otherwise in violation of the student’s privacy or other rights. If The Ivy School refuses the request to amend the contents of the records, the requester has the right to a hearing as follows:

1. Parents shall make request for hearing in which the objections are specified in writing to the administrator;
2. The administrator shall establish a date and location for the hearing agreeable to both parties;
3. The hearings panel shall consist of the following:
   a. The administrator or designated representative;
   b. A member chosen by the parent/legal guardian;
   c. A disinterested, qualified third party appointed by the administrator.
4. The hearing shall be private. Persons other than the student, parents or guardians, witnesses and counsel shall not be admitted.

An individual who does not have a direct interest in the outcome of the hearing shall preside over the panel. He/She shall hear evidence from the staff and from the parents to determine the point or points of disagreement regarding the education records. The panel shall make a determination after hearing the evidence and determine what steps, if any, are to be taken to correct the education record. Such actions are to be made in writing to the parents.

If, after such hearing is held as described above, the parents are not satisfied with the recommended action, the parents may appeal to the Board where the action of the hearings panel may be reviewed and affirmed, reversed or modified. Procedure for appeal beyond the local Board follows the prescribed actions as set forth in federal regulations. The parent/legal guardian or eligible student may file a complaint with the Federal Family Compliance Office, United States Department of Education regarding an alleged violation of the Family Educational Rights and Privacy Act. File complaints with the Family Policy Compliance Office, U.S. Department of Education, Washington D.C., 20202.

A copy of The Ivy School’s education records policy and administrative regulation may be obtained by contacting the office.
**Requests for Education Records**

**Social Security Number**

The provision of the student’s social security number is voluntary and will be included as part of the student’s permanent record only as provided by the eligible student or parent/legal guardian. The Ivy School will notify the eligible student or parent/legal guardian as to the purposes a social security number will be used. At no point will a student’s social security number or student identification number be considered directory information.

**Student Restraint and Seclusion**

The use of physical restraint and/or seclusion is permitted only as a part of a behavior support plan when other less restrictive interventions would not be effective and the student’s behavior poses a threat of imminent, serious physical harm to self or others.

Except in the case of an emergency, only staff current in the required training in accordance with The Ivy School-designated physical restraint and seclusion training program will implement physical restraint or seclusion with a student.

In an emergency, physical restraint and/or seclusion may also be used by a school administrator, teacher or other school employee, as necessary, when the student’s behavior imposes a reasonable threat of imminent, serious bodily injury to the student or to others. The use of physical restraint or seclusion under these circumstances is only allowed so long as the student’s behavior poses a threat of imminent, serious physical harm to themselves or to, others.

Any student being restrained or secluded within The Ivy School whether an emergency or as part of a plan shall be constantly monitored by staff for the duration of the intervention.

Parents will be notified if their student has been restrained or secluded as described above. This policy coordinates with Board policy JGAB - Use of Restraint and Seclusion and the administrative regulation.

The Ivy School shall transfer originals of all requested student education records, including any ESD records, relating to a particular student to the new educational agency when a request to transfer such records is made to The Ivy School.
